Chhattisgarh Swami Vivekananda Technical University Inaugurates Technical Works and Launches State's First Remote Pilot Training Organization by Deputy CM Vijay Sharma

On the occasion of Swami Vivekananda Jayanti (Youth Day), Chhattisgarh Swami Vivekananda Technical University (CSVTV) inaugurated various technical works and launched the state's first Remote Pilot Training Organization (RPTO) in the presence of Deputy Chief Minister Vijay Sharma.

The Deputy Chief Minister also inaugurated the office of American multinational company, Nucleus Tech, and visited various facilities of the University Teaching Department (UTD). He inspected the digital valuation system and interacted with students and faculty members.

Key Highlights:

- CSVTV to train 2400 skilled drone pilots annually: The university has taken the initiative to provide training in drone piloting, aiming to produce 2400 skilled pilots per year. This initiative is expected to bridge the gap between the growing demand for skilled drone professionals and the availability of trained talent in the region.
- First RPTO in Central India: CSVTV is establishing the first RPTO in the state of Chhattisgarh and Central India. The pilot training institute is certified by the Directorate General of Civil Aviation (DGCA) to conduct drone pilot license training programs.

Focus on skill development and entrepreneurship: The university is committed to promoting skill development and entrepreneurship among youth. A three-day event, 'Launchpad 1.0,' organized by Nidhi I-TBI of CSVTV-FORTE, featured a Startup Expo where students showcased innovative products and services.

Additionally, an 'Ideathon 1.0' competition awarded eight startups with a seed fund of Rs 34 lakh.

Official Quotes:

- Deputy Chief Minister Vijay Sharma: "We are committed to promoting technical education and skill development in the state. The new technical works at CSVTU will help in providing better training facilities to students. The FRTEC will provide funding and support to rural technology-based startups."
- Vice Chancellor Prof. MK Verma: "The presence of the Deputy Chief Minister brings new direction and energy to the university. CSVTU is taking leading initiatives towards skill upgradation and entrepreneurship development."

Overall, the inauguration of technical works and the launch of the RPTO mark a significant step towards promoting technical education, skill development, and entrepreneurship in Chhattisgarh.

competition

Launchpad 1.0 held at CSVTU to ignite entrepreneurial spirit among students

The Chhattisgarh Swami Vivekananda Technical University (CSVTU) recently held a three-day dynamic program titled "Launchpad 1.0" with the aim of igniting the spirit of entrepreneurship among students. The program was organized by the CSVTU Rural Technology and Entrepreneurship Foundation.

The event was inaugurated by PS Mishra, the CMD of SECL-BSP. In his address, Mishra emphasized the importance of innovation and entrepreneurship for the development of the nation. He urged the students to develop their potential and contribute to society through their ventures.

The inaugural ceremony was followed by a series of sessions on various topics related to entrepreneurship, including ideation, business planning, and fundraising. The program also featured a grand startup expo and an idea hunt competition.

The event was attended by the university's vice-chancellor, pro-vice-chancellor, director of the University Teaching Department (UTD), faculty members, and officials from CSVTU Fort. Dr. Ashish Patel, the manager of CSVTU Photos, delivered the vote of thanks.

The program also included sessions on problem-solving skills, highlighting their importance for success. The speakers also encouraged the students to continuously update their knowledge and stay motivated on their entrepreneurial journeys.

Overall, Launchpad 1.0 served as a valuable platform for students to learn about entrepreneurship, gain insights from experts, and network with potential investors and 2 mentors.

CSVTU and SWADES Join Forces to Promote Skill-Based Education in Chhattisgarh

In a significant development, the Chhattisgarh Swami Vivekananda Technical University (CSVTU) signed a Memorandum of Understanding (MoU) with Social Welfare and Development for Empowered Society (SWADES) on January 1, 2024.

Objective of the MoU:

- Enhance the quality of education and research at CSVTU.
- Establish Centers of Excellence in various fields.
- Identify and implement skill development programs through dedicated centers and labs.
- Collaborate on redesigning existing engineering curriculums and developing new

programs aligned with the National Education Policy (NEP).

- Ensure curriculum aligns with industry demands and prepares students for successful careers.
- Organize joint programs and awareness campaigns to promote skill-based education across India.

Signatories:

- Dr. Ankit Arora, Registrar, CSVTU
- Dr. Rajeev Nigam, President, SWADES

Witnessed by:

- Prof. MK Verma, Vice-Chancellor, CSVTU
- Prof. Sanjay Aggarwal, Pro-Vice-Chancellor, CSVTU

Additional Details:

The signing ceremony was held at CSVTU Bhilai and attended by faculty members, officers, and employees of the university.

Significance:

This collaboration between CSVTU and SWADES marks a crucial step towards equipping students with industry-relevant skills and preparing them for the demands of the evolving job market. The joint efforts towards curriculum development, skill-based training, and promoting awareness are expected to create a skilled workforce and contribute to the state's overall economic growth.

CSVTU Teams Up with 11 Companies to Boost Skill Development and Startup Opportunities for Students

Chhattisgarh Swami Vivekananda Technical University (CSVTU) has taken a significant step towards enhancing skill development and fostering entrepreneurship among its students by signing agreements with 11 reputable companies including Swadesh and REC.

Key Objectives:

- **Bridge the Skills Gap:** Equip students with industry-relevant skills through exposure to the needs of partnering companies. This will ensure a smooth transition from academics to the workforce and minimize employment challenges.
- **Promote Self-Employment:** Provide guidance and training for students interested in establishing their own businesses, empowering them to become job creators instead of job seekers.
- **Leverage Government Initiatives:** Collaborate with the government to implement various schemes like Skill Development Centers, Millets Cafes, and soil conservation projects, offering students practical experience and contributing to national development goals.
- **Collaboration for Quality Education:**
- CSVTU signed a specific contract with Social Welfare and Development for Empowered Society (Swadesh) to establish a Quality Education, Research, and Model Training Center. This collaboration aims to:
 - Enhance the quality of education and research at the university
 - Establish various centers of excellence
 - Promote skill-based education
 - Develop courses and curriculum aligned with the new education policy through collaborative efforts
- **Millets Initiative:**
- CSVTU is embracing the "Millets Mission" by incorporating it into the curriculum and fostering entrepreneurship in this domain.
- **Courses and Startup Support:** The university will offer courses related to millets, and students pursuing startups in this sector can avail themselves of grant opportunities under three different schemes, with potential funding exceeding Rs 10 lakh per project.
- **Millets Cafes and Training:** Government and private colleges will establish cafes promoting the consumption of millet-based dishes like idli, dosa, sandwiches, and poha. To ensure these cafes run smoothly, cooks will be trained in preparing such dishes using millets. A Rs 4.59 crore project, funded by REC Limited under its Corporate Social Responsibility (CSR) initiative, has been set up for this purpose.
- **Value Education Program:**
- CSVTU recognizes the importance of values beyond academics. A two-year part-time course on human consciousness development and value education will be launched soon. This program will involve 7-day training modules, with limited seats available initially. The first batch comprising officers and professors of the university is scheduled to begin in February.
- These initiatives mark a significant step forward for CSVTU in preparing its students for success in a competitive world and contributing to the overall development of the nation.

CSVTU-FORTE Partners with REC Foundation to Promote Millet-Based Nutritional Security in Chhattisgarh

The Chhattisgarh Swami Vivekanand Technical University Foundation for Rural Technology and Entrepreneurship (CSVTU-FORTE) has embarked on a significant initiative to promote nutritional security and livelihood generation through millets in the state.

Project Details:

- Project Title: Nutritional Security and Livelihood Generation through Millets in Chhattisgarh
- Funding: Rs 4.59 crore grant from REC Limited, New Delhi
- Implementing Partner: REC Foundation
- Project Objectives:
 - Promote the cultivation and consumption of millets across Chhattisgarh.
 - Support farmers through various initiatives and training programs.
 - Encourage soil conservation practices for sustainable agriculture.
 - Provide training in traditional farming methods for millet cultivation.
 - Empower women and Self-Help Groups (SHGs) through involvement in the project.
 - Enhance nutritional security by making millets readily available to the population.
- Project Activities:
 - Setting up millet processing units.
 - Organizing training programs for farmers and SHGs on millet cultivation and processing.
 - Establishing millet food carts to provide affordable millet-based food items to the public.
- Expected Benefits:
 - Direct benefits for hundreds of farmers and women through the project.
 - Improved accessibility of nutritious millet-based food for thousands of people at subsidized rates.
 - Increased awareness and local promotion of millets.
 - Creation of new entrepreneurial opportunities in the millet sector.

Collaboration and Appreciation:

CSVTU-FORTE signed a Memorandum of Understanding (MoU) with the REC Foundation in New Delhi to officially launch the project. The university's Vice-Chancellor (Dr. MK Verma), Pro-Vice-Chancellor (Dr. Sanjay Aggarwal), and Director of CSVTU-FORTE (Dr. R N Patel) represented the university at the signing ceremony. Dr. Verma expressed his gratitude to REC Limited's CMD, Vivek Kumar Dewangan, and the REC Foundation's CSR team for their support and contribution to this vital initiative.

This project signifies a crucial step towards addressing nutritional security concerns and empowering local communities in Chhattisgarh through the promotion of millets. It is expected to create a positive impact on the state's agricultural sector, food security, and entrepreneurial landscape.

skill development

CSVTU offers short-term skill development courses

Chhattisgarh Swami Vivekanand Technical University (CSVTU) is offering short-term skill development courses to students. The university has started offering these courses at the Government Girls Polytechnic College in Raipur.

Students can apply for the courses online. The application process began on January 1st, 2024, and will continue until January 25th, 2024. The classes for the courses will start later.

The university is offering nine courses in this batch, including jewellery designing, autocad 2D/D, MATLAB, medical sales representative, programming in C language, core java fundamentals, Python programming, Revit by Autodesk, and Tally with GST.

The courses are open to students who have completed high school, higher secondary school, degree, diploma, ITI, and postgraduate studies. Students can find more information about the courses and the application process on the university's website.

These short-term skill development courses are designed to help students develop new skills and improve their employability.

Republic day parade

CSVTU student to represent the university in Republic Day parade

Gyan Jyoti Pant, a student of the National Service Scheme (NSS) at the Chhattisgarh Swami Vivekananda Technical University (CSVTU), will represent the university in the Republic Day parade on January 26th in New Delhi. Pant was selected for the honor after a rigorous selection process that involved three stages: institution-level, university-level, and zonal-level selections. She is one of the 200 students selected from various universities across six states to participate in the parade. Pant underwent a one-month training camp in Delhi before departing for the parade. She will march along the Kartavya Path (formerly Rajpath) alongside other selected students from across the country.

CSVTU Honourable Vice-Chancellor Prof. MK Verma, Registrar Ankit Arora, and Program Coordinator Dr. DS Raghuvanshi expressed their delight at Pant's selection. They congratulated her on this achievement and wished her the best for the parade.

This is a proud moment for CSVTU and the state of Chhattisgarh. Pant's selection is a testament to her dedication and hard work.

Seven-Day NSS Camp Concludes in Marwa

A seven-day National Service Scheme (NSS) camp concluded in Marwa, Chhattisgarh. The camp was organized by the NSS unit of the college from December 23 to December 29, 2023.

On the fifth day of the camp, NSS volunteers cleaned plastic and polythene from the wetland, which is a habitat for migratory birds, located in the villages of Marwa and Beltudi. They also worked with the gram sarpanch and villagers to celebrate Atal Jayanti and put reflective belts on stray cattle and livestock to keep them safe.

The camp's sixth day began with a morning procession and cleaning drive. An assistant sub-inspector conducted a traffic awareness program. In the evening, a street play was performed with the children to celebrate Veer Baal Diwas. The closing ceremony was graced by the presence of Vice-Chancellor Mukesh Verma. Retired Mr. Thakur and Gram Sarpanch Pareshwar Thakur were also present at the closing ceremony. The NSS volunteers repeated the street play and celebrated Veer Baal Diwas.

On the seventh and final day of the camp, the volunteers began with another morning procession. As part of their project work, they planted saplings in the backyard of their living area and cleaned their living area and rooms.

The NSS camp aimed to inculcate social responsibility and awareness among the volunteers. They also learned about environmental protection and road safety.

Drone training course to begin at CSVTU

The Chhattisgarh Swami Vivekananda Technical University (CSVTU) will soon begin offering a drone piloting training course. The announcement was made by the university's vice-chancellor, Dr. MK Verma, during a press conference on January 11, 2024.

The course will be offered in collaboration with the Directorate General of Civil Aviation (DGCA). The seven-month course will cover the technical aspects of drone operation, air navigation, and regulations. Trainees who successfully complete the course will be eligible to apply for a drone pilot license from the DGCA.

This is the first time a university in Chhattisgarh is offering a drone piloting training course. The course is expected to benefit students interested in pursuing careers in drone operation, such as agriculture, photography, and videography.

The article also states that the university is in the process of finalizing the eligibility criteria and fee structure for the course. More information about the course will be available on the university website soon.

Chhattisgarh's Swami Vivekananda Technical University Badminton Team Reaches Third Round of East Zone Competition

The badminton team of Chhattisgarh's Swami Vivekananda Technical University (SVTU) has advanced to the third round of the East Zone competition. The team defeated Patna University 3-0 in their first match and Mungēr University 3-0 in their second match to secure their place in the third round.

The team is led by coach and manager Mohit Kumar. The members of the team are Ashutosh Sahu, अंश Gupta, Vedant Sahu, Aakash Agrawal, and Bhavesh Rajak. The team underwent a training camp before departing for Dibrugarh, Assam, where the competition is being held. During the camp, Vivek Sahu and Dr. SR Thakur, the sports officer, instructed the team on the finer points of the game. The team was also given tracksuits and playing kits before leaving for the competition.

The East Zone competition is currently being held in Dibrugarh, Assam. The SVTU team's next opponent in the third round is not yet known.

Announcement of the women's kabaddi team of the Technical University

The women's kabaddi team of the Chhattisgarh Swami Vivekanand Technical University (CSVTU) has been announced. Neha Sahu has been named the captain of the team.

The team will participate in the East Zone Level Competition, which will be held in Kolkata from January 10 to 13, 2024. The team members are Monika Netam, Heena, Pinky Nagre, Upasana Sahu, Abha Singh, Aayushi Singh, Vaishnavi, Sandhya Chouhan, Ranjita Nishad, Bhupeshwari, and Shivani Kumari.

The news article also mentions that the team underwent a training camp before departing for Kolkata. During the camp, the players were coached by Mohit Kumar Singh and trained on the finer points of the game and the new rules. They were also provided with playing kits, energy drink packets, and tracksuits before leaving for the competition.

The principal of the college, Dr. SR Thakur, expressed his hope that the team will perform well in the competition.

CSVTU Football Team Off to a Winning Start in South Eastern Regional Competition

The Chhattisgarh Swami Vivekananda Technical University (CSVTU) football team kicked off their campaign in the South Eastern Regional Inter University Football (Men's) competition on a winning note. They secured a convincing 2-0 victory against Presidency University Bangalore in the first round of the tournament held at Yenepoya University, Mangalore. The CSVTU team displayed a dominant performance with their strikers showcasing exceptional attacking skills. The defensive line remained resolute, thwarting all attempts by the opposing team to score throughout the match. With this victory, CSVTU awaits the winner of the match between Kakatiya University and Osmania University Hyderabad. A win in their next encounter will propel them into the semi-finals of the competition.

CSVТУ Football Team:

- Captain: Prabhjot Singh
- Team Members: Mathew, Saibri, B. Jambe, Himanshu, Hitesh, Dheeraj, Aftab, Nikhil, Adarsh, N. Balakrishna, Motilal Munda, D. Rahul, Ayush Sarva, Binus B. Daniel, Rahul Markandey, Daniel, Natale, and Digbonni.

Dr. SR Thakur, Director of Sports and Physical Education at CSVТУ, expressed his confidence in the team's abilities and wished them continued success in the tournament.

sports

CSVТУ Men's Kho-Kho Team Sets Off for Inter-University Tournament

The men's Kho-Kho team from Chhattisgarh Swami Vivekananda Technical University (CSVТУ) embarked on their journey to participate in an inter-university tournament scheduled from January 17th to 19th, 2024. The event will be held at Kalahandi University, Orissa.

Team Details:

- The team comprises 12 players: Captain: Kuldeep (CSIT Durg)
- Team members: Rahul Sahu, Durgesh Kumar, Devendra Kumar, Ashish Kumar, Satyam Gajpal, Vivek Kumar, Tushar Sahu, Kamal, Yuvraj, Umashankar, and Bisham Kumar
- Manager: Dr. Major Singh (Mansa Polytechnic Bilai)
- Coach: Rajendra Kumar Singh

Support and Well Wishes:

- Dr. S R Thakur, the university's sports in-charge, ensured all necessary arrangements for the team's departure, including providing them with tracksuits and playing kits.
- Prof. MK Verma (Vice-Chancellor), Prof. Sanjay Aggarwal (Pro-Vice-Chancellor), and Dr. Ankit Arora (Registrar) extended their best wishes to the players for a successful tournament.

CSVТУ Women's Chess Team Heads to Meghalaya for East Regional Competition

The women's chess team from Chhattisgarh Swami Vivekanand Technical University (CSVTU) embarked on their journey to Meghalaya on Tuesday to participate in the East Regional Inter-University Chess Competition. The event will be held at USTM University from January 3rd to 6th, 2024.

Competition Details:

- The tournament will utilize the Swiss League format, known for pairing players based on their performance throughout the competition.
- The CSVTU team comprises six talented players: Vedika Goyal (Team Captain), Sonam Sharma, Anjana Bagh, Ruchi Chandrakar, Namrata Soni, and Jhanvi Baghel.
- Dr. Mithlesh Singh serves as the team manager, while Dr. Smita Rani acts as the coach.

Pre-Departure Support:

- Before their departure, Dr. SR Thakur, Director of Sports and Physical Education in-charge of the University, presented the team members with tracksuits and playing kits, ensuring they are well-equipped for the competition.

The entire university community extends their best wishes to the women's chess team for a successful and rewarding experience at the East Regional Inter-University Chess Competition. Their dedication and talent are expected to bring distinction to CSVTU.

mathematics week

Bhilai CSVTU Celebrated Mathematics Week with Various Events

Chhattisgarh Swami Vivekananda Technical University (CSVTU) successfully concluded a week-long celebration of Mathematics Week from December 18th to 24th, 2023. The events were held in honor of the renowned Indian mathematician Srinivas Ramanujan. The week-long program was organized under the guidance of Pro-Vice-Chancellor Dr. Sanjay Aggarwal and the chairmanship of Vice-Chancellor Dr. MK Verma. Various departments across the university participated in various activities to commemorate Ramanujan's life and contributions to mathematics. Activities held during Mathematics Week:

- Screening of a film: A film showcasing the life and achievements of Srinivas Ramanujan was screened for the students.
- Podcast organization: An informative podcast was organized to delve deeper into Ramanujan's life and work.
- Presentations: Students delivered presentations on the life and work of Srinivas Ramanujan.
- Paper presentations: Students presented research papers on various contributions made by Ramanujan in the field of mathematics. Innovation in Mathematics: Students showcased their innovative understanding of mathematical concepts through models and games.
- Quiz competition: A quiz competition was held to test the students' knowledge of mathematics. Mathematical challenges: Students participated in a challenging competition designed to test their problem-solving skills in mathematics.
- Poster making: Students created informative posters related to mathematics and its applications. Workshop on Vedic Mathematics: A workshop was conducted to introduce students to the ancient Indian system of Vedic Mathematics.
- Dr. PK Ghosh, Director of UTD, provided valuable guidance throughout the week-long program. Dr. Pankaj Mishra served as the coordinator for the successful execution of all the events. This week-long celebration aimed to foster students' interest in mathematics and inspire them to explore the beauty and significance of this subject.

Hemchand Yadav University and CSVTU Teams Head to Bhubaneswar for Inter-University Competitions

Athletes from Hemchand Yadav University and Chhattisgarh Swami Vivekananda Technical University (CSVTU) embarked on their journey to Bhubaneswar on Tuesday, December 19th, 2023. The teams will be participating in the Eastern Region Inter-University Swimming Competition, scheduled to take place from December 21st to 23rd, 2023, at Kalinga University.

- The university's swimming team received five days of intensive training before their departure. The training focused on refining swimming techniques, enhancing game knowledge, and familiarizing the players with competition rules.
- The team comprises: Ojha, Dileshwari, Damini, Hina-Ojha, Vaishali, Dhanu, Sudha Ojha, Seven Nishad, Akshat Pandey, Rajeev Ojha, Kamal Ram, Prashant Basai, Ishwar Lal, and Harsh Verma. Dr. Dinesh Namdev, Director of Sports and Physical Education at Hemchand University, expressed confidence in the team's potential for a successful performance.
- Tameshwar serves as the team coach, while Dr. Rinsi Abraham holds the role of manager. Vice Chancellor Dr. Aruna Palta and Registrar Bhupendra Kuldeep extended their best wishes to the team.
- CSVTU:
 - Both the men's and women's swimming teams from CSVTU traveled to Bhubaneswar for the competition. Additionally, a Yoga Asana team representing the university also departed for Bhubaneswar.
 - All competitions, including swimming and yoga asanas, will be held at Kalinga University. The swimming teams comprise members from various branches of the university. The Yoga Asana team includes Vikas Kumar, Yash Desale, Hardik Kumar, Hemraj Srivas, Ayush Rajak, and Venkatesh Badgaiya. Dr. Major Singh, Sports Officer of Mansa Polytechnic College, will be coaching and managing the Yoga Asana team.
 - Ishan Garg, Unmesh Gupta, Ritendra Kumar, and Surbhi Sahu are members of the team's preparation crew. Dr. RS Thakur, University Director of Sports and Physical Education, provided the teams with their playing kits and track suits before their departure. University Vice Chancellor Dr. MK Verma, Pro-Vice Chancellor Dr. Sanjay Aggarwal, and Registrar Dr. Ankit Arora conveyed their hopes for a successful outcome for all participating teams. This event showcases the dedication and talent of student athletes from both universities. It is anticipated that they will deliver exceptional performances and bring laurels to their institutions.

development

Chhattisgarh to set up nodal center to make it an IT hub

The central government will soon open a nodal center in Chhattisgarh to help the state develop into an IT hub, according to Rajeev Chandrasekhar, the Union Minister for IT and Electronics. The announcement came after a meeting between Chandrasekhar and Vijay Baghel, a member of Parliament from Chhattisgarh.

Baghel had requested the minister to expedite the implementation of the announcements made in the Bharatiya Janata Party's (BJP's) manifesto for the state. He said that Chief Minister Bhupesh Baghel is working towards making Chhattisgarh an IT hub and has sought the central government's guidance and assistance in this endeavor.

The nodal center will be set up at the Chhattisgarh Swami Vivekananda Technical University (CSVТУ) with the help of central government officials. The center will work to attract investment from multinational IT and electronics companies to the state. This is expected to create new avenues for training, employment, and self-employment for the state's youth, and also curb the migration of skilled workers from the state.

The announcement has been welcomed by the state government. Chief Minister Bhupesh Baghel said that the setting up of the nodal center is a positive step towards making Chhattisgarh an IT hub. He expressed hope that the center will help in attracting investment and creating jobs in the state.

This is a positive development for Chhattisgarh, as it has the potential to create new job opportunities for the state's youth and boost the state's economy. The nodal center will play a key role in attracting investment from multinational IT and electronics companies to the state. This will help in creating new avenues for training, employment, and self-employment for the state's youth. Additionally, the center is expected to curb the migration of skilled workers from the state.

CSVTU Embraces Growth and Innovation in the New Year

As the new year dawns, Chhattisgarh Swami Vivekananda Technical University (CSVTU) is embarking on an exciting journey of expansion and progress. The university is witnessing a remarkable transformation, aptly described as "taking shape like a hero's gourd," radiating the light of knowledge and technical education.

New Buildings and Infrastructure:

- **Study Schools and Library Cum Auditorium:** The university is constructing four distinct study schools and a central library cum auditorium. The unique architectural design resembles a burning lamp, symbolizing the institution's mission to illuminate the minds of students and dispel darkness through knowledge.
- **Aryabhatta Bhavan (3-story building):** Currently under construction, this building will provide space for the implementation of CSVTU Forte, a program aimed at fostering overall student development.
- **Visvesvaraya Bhavan (3-story building):** This existing building currently houses classes for six M.Tech programs, two B.Tech programs, and two Diploma programs.
- **University College of Pharmacy (3-story building):** This dedicated building will accommodate the operations of the university's College of Pharmacy.
- **Training Centre (3-story building):** This facility will offer various training programs to students.

Sustainable Design and Eco-Conscious Approach:

The construction of these buildings prioritizes sustainability and environmental consciousness. The design maximizes natural light penetration, reducing reliance on conventional energy sources. Additionally, proper ventilation ensures optimal air circulation within the buildings.

Quote from Vice Chancellor:

Dr. MK Verma, Vice Chancellor of CSVTU, expressed his pride in the university's architectural design, stating, "The buildings of the technical university have been designed exactly like a burning lamp. The administrative building and the statue of Swamiji are like earthen lamps. Pathways have been made in the shape of a lamp flame. All four schools seem to be radiating rays. Buildings have been built on this basis."

This initiative signifies CSVTU's commitment to providing students with a modern, sustainable, and inspiring learning environment. The university's continuous efforts towards growth and innovation are expected to empower future generations with valuable technical knowledge and prepare them for success in the ever-evolving world.

standards

Chhattisgarh Swami Vivekananda Technical University Appoints Ombudsman

Following the guidelines set by the University Grants Commission (UGC), Chhattisgarh Swami Vivekananda Technical University (CSVTU) has appointed Dr. RP Pathak, a former professor at NIT Raipur, as its Ombudsman for a three-year term.

This appointment comes after the UGC directed all universities to establish an independent grievance redressal mechanism by January 31st, 2024. Dr. Pathak will address student issues that remain unresolved at the college and university levels.

Key Points:

- CSVTU is the only university in Chhattisgarh to appoint an Ombudsman as mandated by the UGC.
- Dr. Pathak's role is to address student grievances that haven't been resolved at the college or university level.
- The UGC also directed all colleges within the state to form a four-member Grievance Redressal Committee consisting of senior professors.
- Any student grievance will first be addressed by the college committee, and if unsatisfied, can be escalated to the Lokpal (Ombudsman).

This initiative aims to provide students with a platform to voice their concerns and seek swift resolutions for their academic and administrative issues.
